INTERNSHIP COMPLETION LETTER

This is to certify that **Aadithya Nayak V** (USN 4SF23CS001) of Sahyadri College of Engineering & Management, Mangalore has successfully completed his internship with Datavex.ai from **1st September 2025 to 3rd September 2026**.

During his tenure as a Software Engineering Intern at Datavex AI, he worked on the frontend development of an enterprise AI-powered CRM for a US-based client and a multi-tenant Education SaaS platform. His primary contributions focused on architecting and developing scalable frontend applications using React.js for the CRM and Next.js for the Education SaaS platform, building dynamic workflow-driven interfaces, frontend state management, authentication, and role-based access across application workflows. He also contributed to FastAPI route development, AI-driven automation and scoring workflows, automated email processing, Azure OpenAI, and Azure deployments.

We wish him all the very best for his future academic and professional endeavors.
